

CHAPTER VI – DRAFT SECTION 4(f) EVALUATION

Section 4(f) refers to requirements in 23 CFR 771.135 and 49 U.S.C. 303 that state that the Federal Highway Administration may not approve “the use of land from a significant publicly owned public park, recreation area, or wildlife and waterfowl refuge, or any significant historic site unless a determination is made that:

- (i) There is no feasible and prudent alternative to the use of land from the property; and
- (ii) The action includes all possible planning to minimize harm to the property resulting from such use.”

The provisions cited above require supporting documentation to justify use of land protected under Section 4(f). This project does not impact any Section 4(f) properties. Therefore, there are no Section 4(f) considerations for this project.
